

PROCOS  
GROUP

Beyond Sustainability

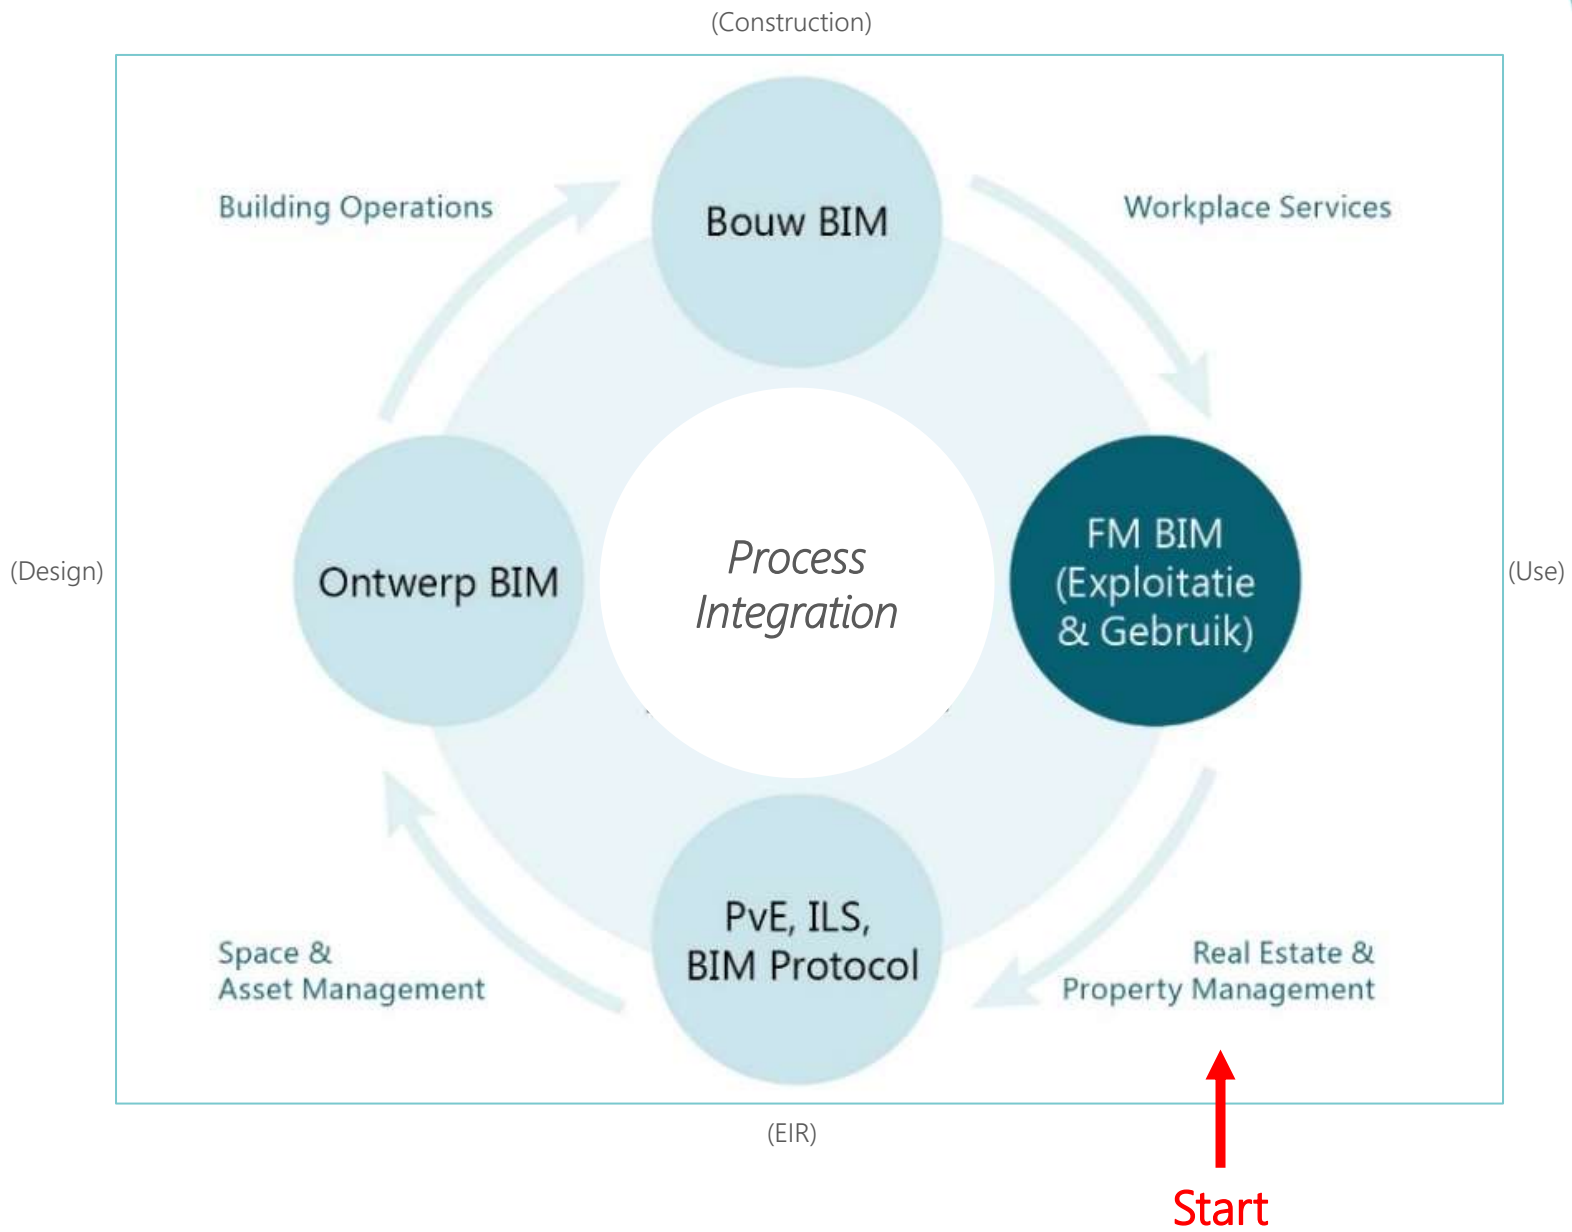

# THE PROCOS GROUP

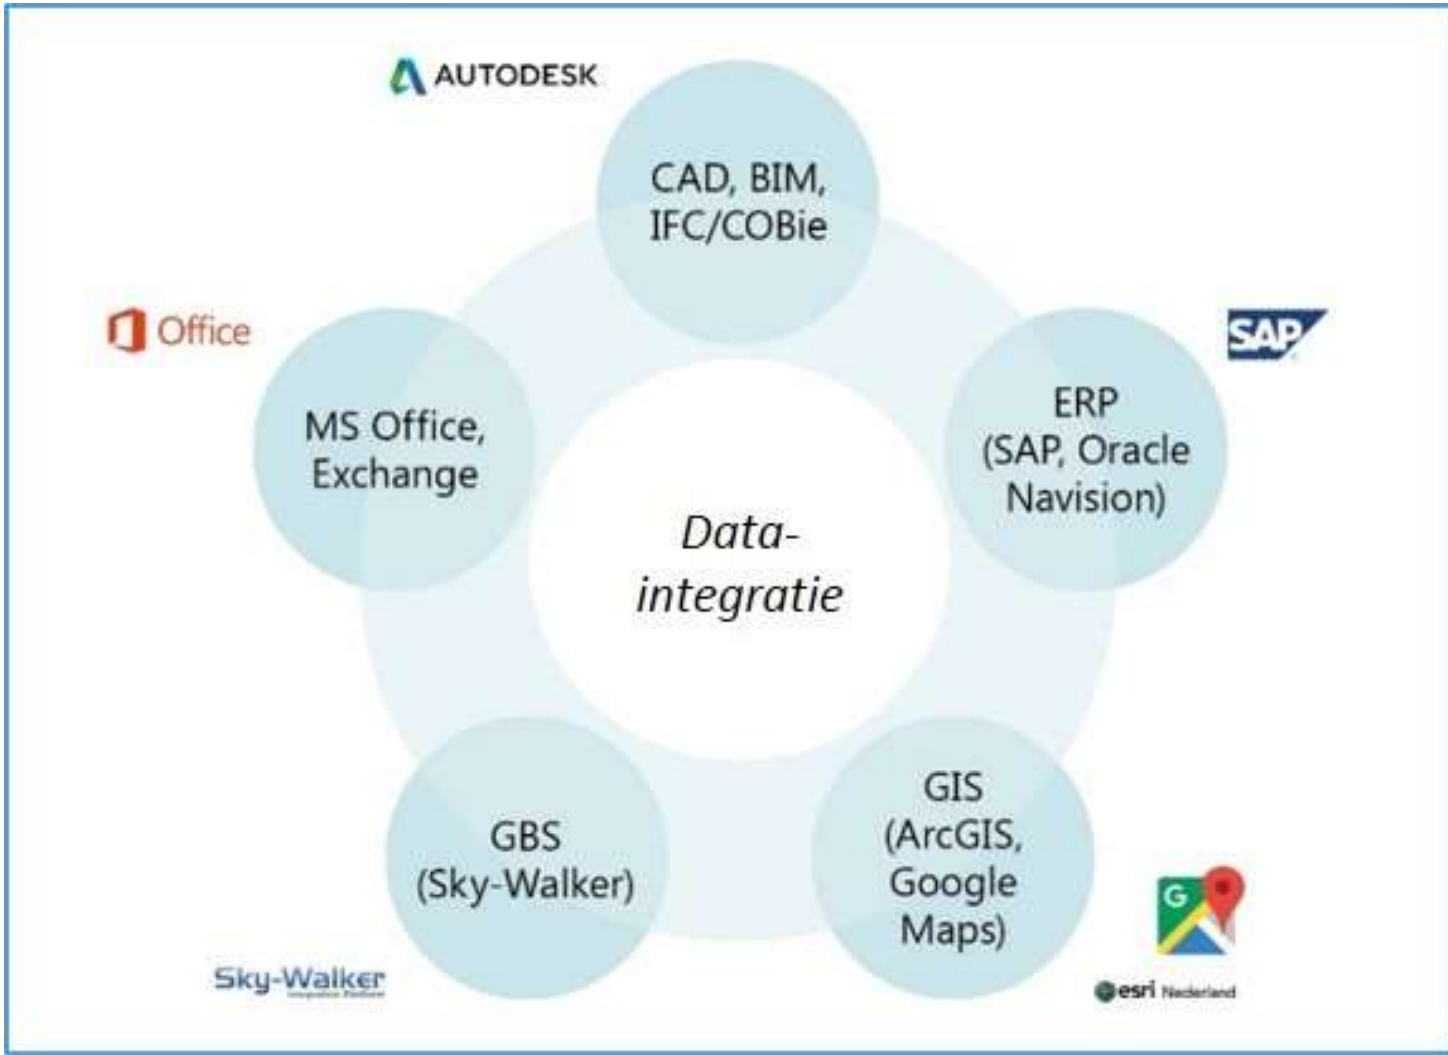

*"PROCOS Group wants to deliver added value for its customers as an independent consultant. By listening, being creative and a professional approach, we achieve a qualitative result."*

We integrate ACE with RE and FM. We support our clients in developing, designing, constructing, managing and using integrated and sustainable space and facility products and services. Our Circular BIM Roadmap and ARCHIBUS software make it happen.

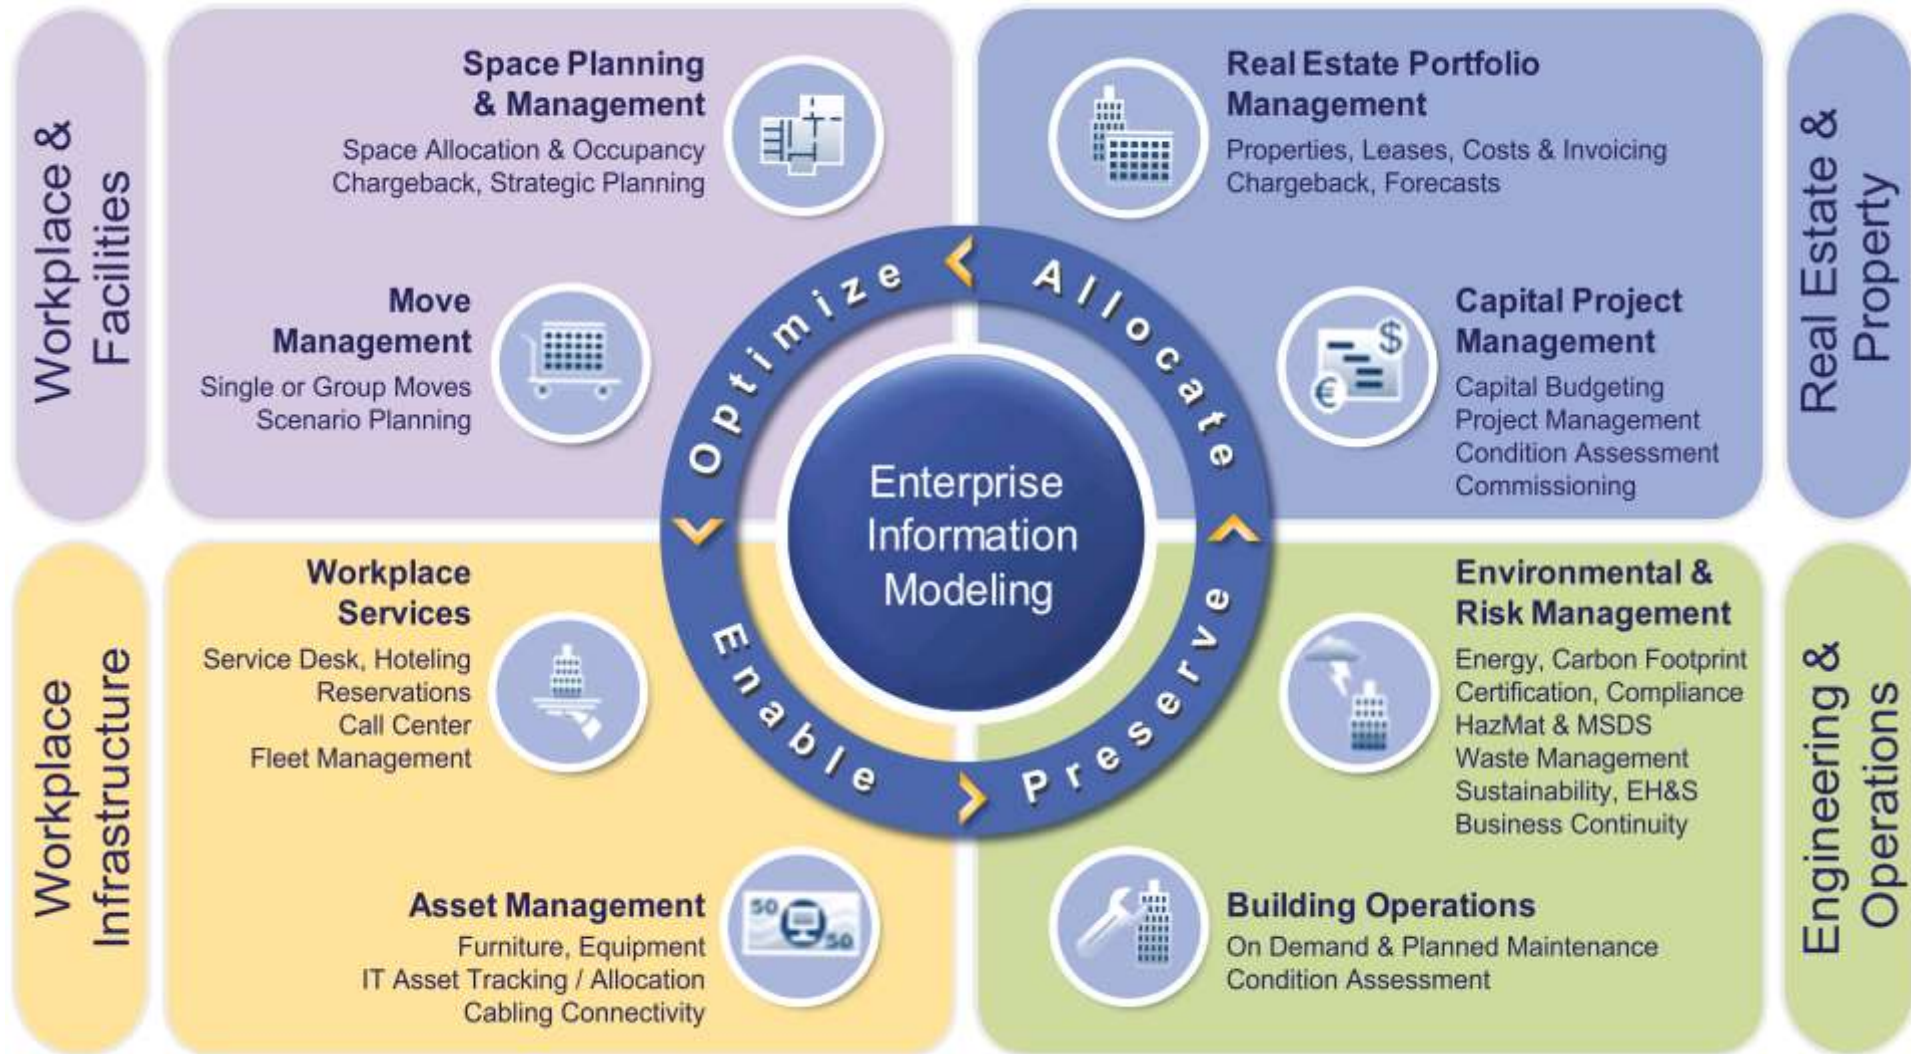

SEE [WWW.PROCOSGROUP.NL](http://WWW.PROCOSGROUP.NL) FOR MORE INFORMATION

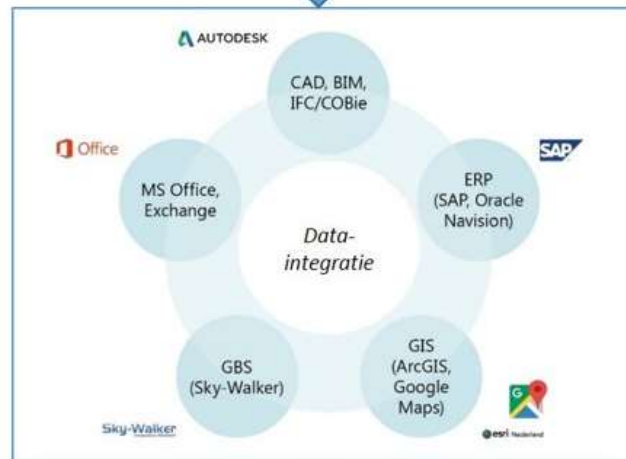

# Application of BIM for Users

# CIRCULAR BIM ROADMAP

# Examples

Yes/No new restaurant and meeting rooms in new building?

Occupancy versus investment

What area measurement standard to use when designing? (DIN, RICS, NEN, EN, ISO)  
When DB? When PPP/DBFMO?

Calculation and Benchmarking

Sensoring yes/no integrated with BMS and Space Management  
>> Effect on Predictive Analytics Value when splitting up a room

Real Estate Value: +2% when using real-time BIM Common Data Environment

THANK YOU
